

From its home on the Gold Coast in Australia's fastest growing and most dynamic urban centre, the personnel of B P Development Consulting have amassed planning and engineering experience in residential projects in the style of canals, lakes, and park environment; waterfront commercial and tourist developments; and quality-of-lifestyle integrated golf and/or marina resorts, which it has been adapting to Asian markets for more than 25 years. They also boast extensive experience in city scale physical and strategic planning.

Recent detailed planning commissions include: Brunei National Land Use Master Plan, Belait District Plan, and Brunei Muara District Plan, each for the Brunei Ministry of Development; Gimpo marina terminal precinct on the Gyeong-In Waterway, Seoul for Hanjin Shipping; Pusan Marina redevelopment for Hyundai Development Co; Emerald Bay, Johor - Malaysia's most exclusive waterways estate - for BRDB and UEM Land in JV; and Aamby Valley City for Sahara Pariwar - India's most famous elite residential and resort community

Extensive work in China includes Binjiang New District master planning covering 120 sq km for Jiangmen City, Guangdong; Shenzhou Peninsula marina precinct, Hainan for CITIC Pacific; and the multi-billion dollar Mo Dao Island integrated marina resort, Zhongshan for Keppel Land now under construction.
